Chairman's Message – What's Next?

By Jeff Blakeslee

I'll begin this column by saying what a terrific job Sandy Houck did in putting together our first "What's in Your Garage" event. Sandy has a beautiful property, and I want to thank her for sharing it with us. Sandy has a couple of garages on the property, and both were put to good use that day. The food was great, as was the fellowship, and enough Corvettes showed up that we all had things to look at and talk about. It was a nice change to get together socially, relaxed, and without a particular agenda. I believe this event bears repeating and we may do so later in the year. If you would like to share your garage with us, please let me know and I will put you on the list.

Up next is the Los Gatos event on April 11th and 12th. If you have attended our spring judging meet at this site before, then you know what a fun venue this is. Registration begins at 2:00 PM on Friday, the judging

school is from 4:30-6:00 PM and then dinner at the Grill from 6:30 to 8:00 PM. Flight Judging is Saturday, kicking off with Donuts and Coffee at 8:00 AM. If you have not signed up yet there is still time!

If you are not already planning to attend the National Convention in Las Vegas this year, maybe you should reconsider. Honestly, I'm not a big fan of Las Vegas per se, but going there with my NCRS friends changes that completely. Maybe it's the fact that the planning is done, the agenda is set, and all we have to do is show up and have a good time. Maybe it's the warm nights and beautiful Corvettes, maybe it's the seminars and picking up a few extra judging points. But whatever it is, I'm excited and looking forward to it. The only thing that could make it better would be a big turnout from our chapter. I hope to see you there.

NCC Board Meeting Minutes – February 11, 2025

Jeff Blakeslee called the Board Meeting to order at 6:32 pm via Zoom. All five Board members were present including Chair Jeff Blakeslee, Vice Chair and Membership Chair Sharyl Ingham, Secretary Sandy Houck, Treasurer Chris Moore, and Judging Chair Mike Ingham.

Secretary Report:

The Board reviewed and approved the January meeting minutes as submitted by Sandy.

Treasurer Report:

Chris reported that checks to NCRS and the Red Cross of Greater Los Angeles were sent. He is receiving membership renewals and Spring Meet registrations.

Membership Report:

Sharyl reported the membership is now 101. Nine members have not renewed. The Board approved a lifetime Honorary Membership for Joe Calcagno for his long-time membership and contributions to NCC and NCRS.

Editor:

Mike has Tech articles from Joe LeMay and Michael Reichard for the February and March Vetteceteras respectively.

Website:

Chris maintains the site and continues to post links to our newsletters.

NCRS President/Region IX Director:

Mike reported the Annual Meeting for the Board and employees will be held March 20 via Zoom. They will appoint or elect as appropriate Officers, Managers and Editors, review future Regional and Convention schedules, discuss proposed changes to the By-laws and other business.

Old Business:

April 11-12 Los Gatos Spring Meet: Sharyl and Mike are meeting with hotel staff. All is on track. Mike said we need more judges in order to judge the registered cars.

NCC Text Group: It is working and keeps us in touch.

Garage Visits: It's off to a start with Sandy's garage scheduled for February 16.

New Business:

Calendar: Jeff will review and schedule activities.

Chapter Top Flight Award (CTFA): Doug Wathor volunteered to help. We will start recording activities for 2025.

National Convention: It will be held in Las Vegas at the same facility as in 2018. Except now in September; it will be mild weather. Mike noted that there are many activities, and restaurants at the venue, and it's close to the airport.

The Board Meeting adjourned at 6:59 pm.

NCC Meeting Minutes – February 11, 2025

Chair Jeff Blakeslee called the Meeting to order at 7:00 pm and welcomed 24 members. He asked for introductions stating where we live and the Corvette(s) we own. The Question of the Evening was "Did you watch the Super Bowl?" Philly natives Chris Moore and Bob Grauer certainly enjoyed it. But not so for jayhawkers Dave and Jo Houlihan.

Los Gatos NCC Spring Meet:

Sharyl reported that all arrangements are complete. We still need more judges. Glorie McNay will conduct the raffle. She is requesting items for the raffle.

Arizona Regional Meet:

It is coming up on May 1-3. Mike said that the Region is encouraging more participation by both people and cars. It's a nice venue and a good chance to go to a relatively nearby Regional Meet.

Las Vegas National Convention:

This is the first time that it will be held in September instead of July.

What's in Your Garage:

Jeff reminded us that the first garage visit will be held at Sandy's garage on February 16.

Technical Discussion Board:

Rick Gower noted that the '63-'64 judging manual is at the printer.

Tuesday Tidbits (aka Show & Tell):

One of Glorie's tidbits that Jeff always remembers is to "go small". Use a toothpick to touch up small paint chips.

Gary Shaw presented "Idling and Vacuum Canisters" about timing and vacuum advance canisters. He described Duke Williams' tuning advice. After his engine broke a push rod, he took the opportunity to research B22, B20/26, and B28 canisters. He presented data from an engine analyzer software. It's important to always test a VAC with a vacuum gauge.

Jeff Blakeslee showed photos of old returned materials punch cards. Parts attached appeared to be front kingpin seals.

Rick Gower showed the NCRS document service validation for a '65 that he is considering purchasing.

Open Discussion:

Gary Miranda talked about going to Lafayette Cars 'n Coffee.

Ken Albers is starting to install a new radio and AC in their '67.

Rick Gower noted that a '57 Corvette SS is coming up for auction.

Adjournment:

The meeting adjourned at 8:10 pm.

The next Zoom meeting will be Tuesday, March 11 at 6:30 pm for the Board Meeting and 7:00 pm for the General Meeting.

Respectfully submitted,
Sandy Houck, NCC Secretary

Food For Thought

By Sharyl Ingham

There's no perfect time to send this, but it's perfect for my FFT column. Mike and I send our condolences to those who recently lost a loved one.

This is something to keep in mind as we move forward. I adopted this from George Carlin.

- Remember to spend time with your loved ones, because they are not going to be around forever.
- Remember to say a kind word to someone who looks up to you in awe, because that little person soon will grow up and leave your side.
- Remember to give a warm hug to the one next to you, because that is the only treasure you can give with your heart, and it doesn't cost a cent.
- Remember to say: "I love you" to your partner and your loved ones and mean it. A kiss and an embrace will mend a hurt when it comes from deep inside of you.
- Remember to hold hands and cherish the moment for someday that person will not be there again.
- Give time to love, give time to share the precious thoughts in your mind.
- And always remember life is not measured by the number of breaths we take but by those moments that take our breath away.

Several noteworthy dates to note: Ash Wednesday, the first day of Lent, March 5th; Daylight Savings Time, set your clocks ahead, March 9th; St. Patrick's Day, March 17th; First day of Spring, March 21st; and very important to Mike and me is National Puppy Day, March 23rd; (we still think of Willow (now 11 yrs.) as a puppy).

Let's extend our best wishes and congratulations to those that are celebrating their birthdays and anniversaries, starting with Steve Giovannini, March 1st; Jerry Fuccillo, March 12th; Mary Slikkers, March 13th; Roger Hodel, March 15th; Mary Hodel, March 16th; Mike McGue, March 19th; Linda Kennard, March 24th; Roxanne Hooper and Sophie Tidwell sharing March 28th; Mason McNay and Cindi Grauer celebrating birthdays and then Mason and Amber McNay celebrating their anniversary, March 31st.

Stay healthy and share your kindness!

C4 A/C Restoration

By Michael Reichard

Before doing anything, I sketched out a plan. My thoughts were, I've never done any A/C work, but how difficult can it be. I'll locate a shop that has good reviews and has been doing rebuilds forever. Ship the compressor

off to them. Then I'll order all the parts needed to finish up the project. After everything shows up, put it all back together. Then take the car downtown and have Kevin charge the system and check it for leaks. Estimate 4-6 weeks tops. Dam was I naive.

The first three months were spent trying to locate anyone that still rebuilds A/C compressors. I couldn't find anyone to rebuild the A/C compressor. Now I had a dilemma. I could go out and purchase a new compressor that's compatible with the modern-day refrigerant, plus hoses, accumulator, and refrigerant for around \$800. The downside would be the next time the car gets judged at an NCRS event I'd get hit with a 32-point deduction.

That was enough to sway my decision of what to do next. It was time to learn everything I could about the A/C system. My reason for the complete breakdown and rebuild of the compressor was it was leaking oil and the system was not blowing cold air.

My next step was to order all the parts and tools needed to complete the rebuild along with an extra compressor to practice on. The original 4-6 week estimate was delusional; it took six months to complete. I highly recommend that if you're going to take on a project similar to this project pick up a GM service manual and a GM shop manual specific to your car. The manuals I used were ST-387-86 and ST-364-86.

A breakdown of everything I purchased to accomplish the A/C rebuild with prices that include shipping and taxes follows:

GM R4 A/C Compressor Service Tool Kit.	\$277.03
Kent Moore A/C holding fixture tool.	\$146.62
Removal Tool 59581.	\$40.42
A/C Compressor to practice on.	\$89.95
A/C Hose GM 14081324 & 14081325.	\$237.04
A/C Accumulator, Dehyd 2724288.	\$53.03
GM R4 A/C Compressor Reseal Kit.	\$29.60
AC Delco PAG 150 Refrigerator Oil.	\$28.61
R-12 Oil	\$15.42

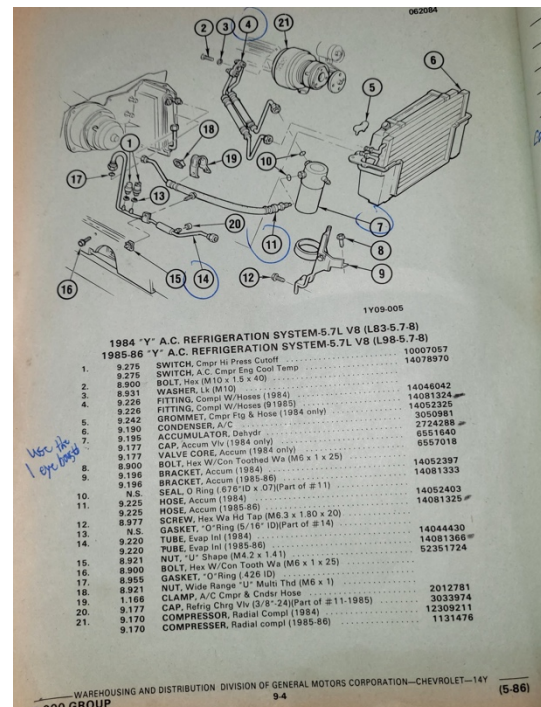

3-12oz R-12 Freon \$154.35

Tire Mart vacuumed, charged and tested the system. \$300.00

Total cost to rebuild the compressor, purchase tools and parts, and recharge the A/C. \$1372.07

The project turned out to be a good learning experience and satisfying for me. The car is still blowing cold air 33 months later and no longer leaks oil. Thankfully the project was a success. I received the NCRS Performance Verification at the Northwest Regional in Redmond, Oregon in August 2022.

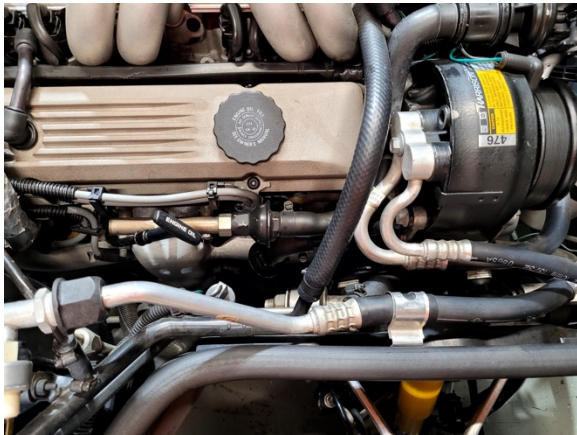

The following pictures are a brief representation of the project. Get yourself a shop manual, the correct tools, and good luck.

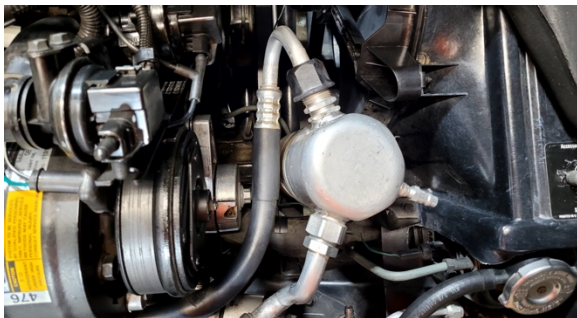

Manual diagram of the complete A/C system.

Rebuilt compressor, ready to install.

Compressor re-installed w/new hoses,

and new accumulator/dryer.

What's in Your Garage – Part 1

Sandy Houck hosted the inaugural NCC What's in Your Garage tour at her beautiful home in Napa on February 16th. As Jeff noted in his column, she got a wonderful turnout of both people and Corvettes. The weather was perfect, and everyone enjoyed the opportunity

to visit with one another, see and talk about the cars, and enjoy a meal together. Hopefully there will be more events like this. Below are a couple of pictures.
